The scheme "Ayushman Bharat – Pradhan Mantri Jan Arogya Yojana" implemented by the National Health Authority (NHA) under Ministry of Health and Family Welfare, Government of India, aims to provide cashless hospitalisation coverage of ₹5,00,000 per family per year to poor and vulnerable families for secondary and tertiary healthcare services. It was launched on 23rd September 2018 in Ranchi, Jharkhand, by the Hon'ble Prime Minister of India.

"Ayushman Bharat" is an attempt to move from a sectoral and segmented approach to health service delivery to a comprehensive need-based health care service. This scheme aims to undertake path-breaking interventions to holistically address the healthcare system (covering prevention, promotion, and ambulatory care) at the primary, secondary, and tertiary levels. Ayushman Bharat adopts a continuum of care approach, comprising two interrelated components, which are -

- **Health and Wellness Centres (HWCs):** The scheme aims to provide comprehensive primary healthcare services, including maternal and child health, non-communicable disease care, free essential drugs, and diagnostics, close to people's homes. The centres promote preventive healthcare and healthy behaviours to reduce the risk of chronic diseases.
- **Pradhan Mantri Jan Arogya Yojana (PM-JAY):** The second component under Ayushman Bharat is the Pradhan Mantri Jan Arogya Yojna or PM-JAY as it is popularly known. It aims to provide cashless health insurance coverage of up to

₹5,00,000 per family per year for secondary and tertiary hospitalization to poor and vulnerable families.
